This piece of work is a result of my own work except where it is a group assignment for which approved collaboration has been granted. [Group work assessment has been prepared in collaboration with other members of my group.] Material from the work of others (from a book, a journal or the Web) used in this assignment has been acknowledged and quotations and paraphrasing suitably indicated. I appreciate that to imply that such work is mine, could lead to a nil mark, failing the module or being excluded from the University. I also testify that no substantial part of this work has been previously submitted for assessment.
